Surusha Technology was founded in 2011 with a clear focus on delivering exceptional recruitment consultancy services tailored specifically for the dynamic IT industry. Initially rooted in the city of Patna, we swiftly expanded our operations across India, establishing a strong presence nationwide. Moreover, we have extended our reach beyond borders, serving esteemed clients in both PAN India and the United States.

Renowned as a prominent brand within the IT industry of India, Surusha Technology has garnered unparalleled expertise in providing cutting-edge IT staffing solutions. We possess an intricate understanding of the unique staffing needs that arise within the realm of technology. In an era defined by rapid technological advancements, recruiting the right talent for IT companies has become increasingly challenging. However, our extensive experience and profound knowledge of the industry equip us to successfully navigate these complexities and accomplish exceptional talent acquisition.

One of our proudest achievements lies in witnessing the remarkable growth of our clients, from the initial stages of having no employees to establishing a substantial workforce. We consider this progression as a testament to our unwavering commitment and the impactful contributions we have made as a trusted recruitment partner.

OUR HIRING PROCESS

At Surusha Technology, we prioritize high moral values and unwavering business ethics. We invest considerable time to fully understand our clients' requirements, enabling us to target candidates with the desired skill set. Our screening process encompasses factors such as stability, attitude, and technical knowledge, ensuring the selection of qualified candidates.

We provide clients with comprehensive candidate information, empowering them to make informed decisions. With a commitment to client satisfaction, we strive to seamlessly align candidate qualities with organizational goals. Our professional approach, driven by integrity, ensures effective recruitment solutions that meet the highest standards of professionalism and excellence.
